Dear Families:

My knowledge and love for nature comes from the fantastic experiences I had outdoors as a child. My friends and I searched streams for frogs, climbed trees, and created our own stories for the world we saw around us. Not all children have the same experience of being able to freely explore their world and therefore miss out on the wonders of nature. At Woldumar, campers are given the opportunity to explore and discover the natural environment in a fun, safe, and nurturing environment. Not only do campers learn about nature and science, but also about teamwork, leadership, and communication. The experiences children have at camp and in the outdoors are experiences that will stay with them throughout life, as mine have with me.

As always if you have any questions, suggestions or concerns please contact me directly at lena@woldumar.org or (517) 322-0030.

I look forward to sharing this summer and all the new additions to our camp programs with your children.

Lena Swehla
Camp Director

NEW! SPECIALTY CAMPS

AGES: 7-10

Time: 9:00 a.m. - 4:00 p.m., Monday through Friday

Code: SPC

Fee: Members: \$155/camper; Non-members: \$190/camper

Woldumar's new Specialty Camps are a truly unique opportunity for 7-10 year olds. Each week-long session will focus on a specific activity or interest to provide a rich learning experience and keep campers deeply engaged. Campers will experience a low camper-to-staff ratio, as well as a visit from a guest expert. The group will largely operate apart from Camp Discovery, giving them independence and a highly-personalized experience.

Fishing Frenzy

Dates: June 27 - July 1

Code: SPC1

Do you love to fish? Do you really, REALLY love to fish? If so, this is the week for you! Campers will spend at least half of every day on the water. They'll fish from docks, shore, knee-deep water, and even from Woldumar's pontoon boats on the Grand River. The week will conclude with an all-day field trip to a local fishing hotspot. When not fishing, campers will try other outdoor sports, such as archery and canoeing.

Arts in Nature

Dates: July 18 - 22

Code: SPC2

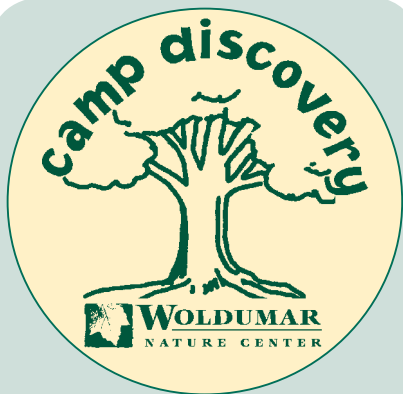

This session challenges campers to let their creativity flow! Participants will design crafts with natural objects, derive paints and dyes from wild berries, write a group song, and much more. The highlight of this session will be a group skit to be performed for all of Camp Discovery on Friday afternoon. Campers will create the script, props, and set!

Crazy for Conservation

Dates: August 8 - 12

Code: SPC3

This week is all about giving back to the natural environment and protecting it for the future. Campers will explore animal habitats and learn how humans can affect them. They will learn about water, land and air pollution, as well as invasive (non-native) organisms. Each day, they will work on stewardship and beautification projects, and design an educational exhibit for the Visitor Center.

Woldumar's two-week Counselor-In-Training (CIT) program offers ambitious teens the opportunity to leave behind their role as campers and begin to manage some of the responsibilities of being Camp Discovery Counselors. This program emphasizes leadership, problem-solving, and the fundamentals of working with children. In addition, the CITs will plan and implement a fundraising activity to benefit a cause of their choice.

Upon completing the program, participants will have the opportunity to apply for two volunteer positions, joining the Woldumar staff for the next four weeks of Camp Discovery.

Orientation

This week, the CITs explore Woldumar's history and land features and will learn to lead camp activities. The CIT group will engage in daily teambuilding exercises to strengthen their bond and work together to plan their fundraiser. New this year, CITs will learn basic first-aid techniques, as taught by a certified Red Cross Instructor.

Implementation

This week, the CIT group will split up to work individually with Camp Discovery Counselors. CITs will be responsible for planning and leading small-group games, crafts, and hikes. They will carry out their fundraising plan and direct Camp Discovery's all-camp "Friday Festival."

This summer we are offering two sessions of the CIT program to allow more campers than ever to experience this great leadership program. Enrollment for each two-week session will be limited to ensure a quality experience for each participant. CITs completing session 1 will be able to apply for a volunteer position beginning July 11. Session 2 CITs may apply for a position beginning August 8.
